**STATEMENT OF WORK
FOR
REFUSE COLLECTION
AND
RECYCLING SERVICES**

**Corps of Engineers, Lake Washington Ship Canal
Feb 2005**

**STATEMENT OF WORK
FOR
REFUSE COLLECTION AND RECYCLING SERVICES**

1. DESCRIPTION OF SERVICES. The contractor shall provide all personnel, equipment, tools, materials, vehicles, supervision, and other items and services necessary to perform refuse and recycling services at [Lake Washington Ship Canal](#). The contractor shall perform to the standards in the contract as well as all local, state, and federal regulations. Estimated workload factors are in Appendix A.

1.1. COLLECTION REQUIREMENTS.

1.1.1. Routes/Schedules Submittals. The contractor shall establish vehicle routes and collection schedules. They are submitted to the contracting officer five (5) calendar days prior to start of contract performance. The contracting officer must approve the submittals prior to the contractor starting work. The contractor shall collect all refuse, garbage, and recyclable material. No changes are allowed to the schedule or haul route without contracting officer approval. Frequency tables are located at Appendix A.

1.1.2. Unscheduled Collections. The contracting officer may require the contractor to make unscheduled collection, disposals, and relocation of containers for special events or other occasions. The contractor will respond within 24 hours of the event. Unscheduled services shall be by separate delivery order IAW CLIN 0002.

1.1.3. Inclement Weather Schedule. The contractor shall collect refuse and recyclable material during periods of inclement weather. In cases of severe weather, the contracting officer may authorize exceptions. When exceptions are granted, the contractor shall make up all missed collections within 24 hours after the severe weather has terminated, unless the contracting officer authorizes additional time.

1.1.4. Route Parameters. The contractor shall access the collection area through the [facility's north gate](#), upon calling the main office on site. Collection shall be made between the hours of [7 a.m. and 3 p.m., on weekdays only](#). Collection outside these hours shall require prior approval of the contracting officer.

1.1.5. Points of Collection. Collection stations for refuse and recyclable materials are all located a short distance from the north gate, on the east boundary of the facility. The contractor shall position bulk containers for customer ease in depositing refuse. This may require repositioning of containers from time to time. The contractor shall also position containers to minimize interference with adjacent parking areas and other potential obstructions.

1.1.6. Cubic Yard Capacity. Proposed capacity of containers is indicated in Appendix A. The government reserves the right to change the cubic yard capacity at any collection station or change the number of collection stations as long as it does not increase the overall total cubic yard capacity requirement of this SOW. The government may also reduce the frequency of collections.

1.1.7. Government-Approved Containers. Collection of refuse and recyclable materials in all areas except residential areas shall be from contractor-provided, government-approved containers, recycling bins or plastic bags.

1.1.8. Maintaining Containers and Collection Area. The contractor shall return the containers to their original location after servicing, in an upright position with the lids securely in place (closed). The contractor will also be responsible for immediately cleaning up any spills, debris, etc., which may occur during servicing of containers. All refuse on the ground within ten feet of the container, whether spilled by the contractor or placed there by facility personnel, shall be picked up by the contractor during collection. The contractor shall collect debris placed at collection stations; for example, tree branches, sacks, cartons, boxes, cans, tied bundles, or other containers. The contractor will be responsible for keeping collection areas free of refuse and debris.

1.1.9. Weighing of Vehicles. All vehicles used in the collection of refuse and recyclable materials shall be weighed on state certified scales at the landfill. Incoming and outgoing vehicle weights shall be recorded on weigh tickets provided by the operator at the weigh station

1.2. RECYCLABLE MATERIALS PROCESSING. The contractor shall provide all recycling bins. Contractor shall also provide transportation and delivery of recyclable material from the facility to an off-project recycling center. The contractor shall collect and separate at curbside (if necessary), load into individual compartments on the recycling collection truck/trailer, and transport all recyclable materials to the off-project recycling center.

1.2.1. Marketing. The contractor shall provide for the marketing of recyclable materials, including transportation of recyclable commodities to the purchasers. The contractor shall educate all facility occupants on the benefits of recycling and encourage the widest possible participation. This can be in the form of original published pamphlets, brochures, or other informative media. The Contracting Officer must approve all educational material before distribution.

1.2.2. Sales Receipts. Although the contractor shall retain all revenues generated by sale of recyclable materials, the contractor shall provide originals sales receipts for recyclable materials to the government evaluator no later than the tenth working day of the month following the sale month. The sales receipts shall contain the weight and type of the item recycled.

1.3. DISPOSAL.

1.3.1. Off-Project Disposal. The contractor shall transport and dispose of all solid waste at a licensed off-project disposal site selected by the contractor. The contractor shall dispose of recyclable materials at an off-project recyclable processing center. Disposal shall be in accordance with existing local, state, and federal regulations. The contractor shall be responsible for any permit or fees associated with the use of off-project disposal locations.

1.3.2. Disposal of Non-marketable Materials. Disposal of non-marketable materials from processing recyclable materials at an off-project facility shall be the responsibility of the contractor. This includes any recyclable material rejected for any reason.

1.4. EQUIPMENT MAINTENANCE. The contractor shall maintain all contractor and government provided containers, ensuring they are free of unpleasant odors, dirt, debris, and pests. All containers must remain in good, workable condition. They must remain easily accessible to customers. The contractor shall perform all cleaning, painting, repair and other maintenance tasks off-project. Trucks and trailers used for hauling and collecting shall be washed as required to ensure they are free of odor, dirt, debris, and pests.

1.5. REPORTS AND RECORDS. The contractor shall provide a monthly report detailing total tonnage of refuse collected, materials collected and recycled by commodity, and gross proceeds from recyclable sales. Sales receipts from the recyclable must accompany the report.

2. SERVICE DELIVERY SUMMARY. The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	SOW para.	Performance Threshold
Collect and Dispose of Solid Waste in accordance with the established schedule.	1.1. - 1.3	No more than 2 Customer Complaints monthly.
Process, Market, Promote, and Provide Training for Recyclable Materials.	1.2	No more than 2 Customer Complaints monthly.
Maintain equipment in good workable condition. Trucks should be washed and free of odors	1.4	No more than 2 Customer Complaints monthly.

Perform unscheduled collections required by the contracting officer in accordance with paragraphs 1.1. and 1.3.	1.1.2.	0 Deficiencies permitted. (Delivery order shall not be accepted until all deficiencies are corrected.)

3. GOVERNMENT FURNISHED PROPERTY AND SERVICES. N/A

4. GENERAL INFORMATION.

4.1. QUALITY ASSURANCE. The government will periodically evaluate the contractor's performance by appointing a representative(s) to monitor performance to ensure services are received. The government representative will evaluate the contractor's performance through intermittent on-site inspections of the contractor's quality control program and receipt of complaints from project personnel. The government may inspect each task as completed or increase the number of quality control inspections if deemed appropriate because of repeated failures discovered during quality control inspections or because of repeated customer complaints. Likewise, the government may decrease the number of quality control inspections if performance dictates. The government will also receive and investigate complaints from various customers located on the installation. The contractor shall be responsible for initially validating customer complaints. However, the government representative shall make final determination of the validity of customer complaint(s) in cases of disagreement with customer(s).

4.2. GOVERNMENT REMEDIES. The contracting officer shall follow FAR 52.212.4, Contract Terms and Conditions-Commercial Items (May 1997), for contractor's failure to perform satisfactory services or failure to correct non-conforming services.

4.3. HOURS OF OPERATION. The Lake Washington Ship Canal Project is open for collection and deliveries from 7 a.m. to 3 p.m., Monday through Friday.

4.4. SECURITY REQUIREMENTS. Access to collection area will be granted upon proper identification being provided by vehicle operator, by telephone at the north gate. The facility office reserves the right to deny entrance to any caller who does not properly identify affiliation or purpose of visit.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.59 an hour or \$103.60 a week or \$448.93 a month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work). HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges. A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Under the policy and guidance contained in All Agency Memorandum No. 159, the Wage and Hour Division does not recognize, for section 4(c) purposes, prospective wage rates and fringe benefit provisions that are effective only upon such contingencies as "approval of Wage and Hour, issuance of a wage determination, incorporation of the wage determination in the contract, adjusting the contract price, etc." (The relevant CBA section) in the collective bargaining agreement between (the parties) contains contingency language that Wage and Hour does not recognize as reflecting "arm's length negotiation" under section

4(c) of the Act and 29 C.F.R. 5.11(a) of the regulations. This wage determination therefore reflects the actual CBA wage rates and fringe benefits paid under the predecessor contract.

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records--Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) (1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vi) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause--

(i) 52.219-8, Utilization of Small Business Concerns (May 2004) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (April 2002) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (December 2001) (38 U.S.C. 4212).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (June 1998) (29 U.S.C. 793).

(v) 52.222-39, Notification of Employee Rights Concerning Payment of Union Dues or Fees (DEC 2004) (E.O. 13201).

(vi) 52.222-41, Service Contract Act of 1965, as Amended (May 1989), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, et seq.).

(vii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (April 2003) (46 U.S.C. Appx 1241 and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the contractor May include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of clause)

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 45 days which the Contracting Officer may exercise the option).

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 45 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 3 years.

(End of clause)

52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond 28 February 2006. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond 28 February 2006, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.
